Duration 10minutes

7 players needs stopwatches (with sound when press start/stop)
(4 sits in group, 3 stands in line, starting from group, these 3
are not standing next to each other, there's space between them..)

1 (and rest) stands in the stage, and things about the space

4 players sits together in stage

each one press two times stopwatch start/stop button,
then they look at hundredths in their stopwatch, e.g. 74

how they read it:

wait 7 seconds and press start, go until seconds are in 4

then stop, look the hundredths again, e.g. 83

wait 8 seconds and press start, then wait until seconds are in 3
and so on

rest 3 performers, in line.

one who is closest to group, press start/stop right after they
hear sound from group, second in line press after hearing the
first, and third after second.
